V. PURCHASED GAS ADJUSTMENT:

In the event there is a change in the rate under which Great Plains Natural Gas Co. purchases gas sold under the above schedules, there shall be added to or deducted from the monthly bill (computed according to the above schedules) the product of the monthly consumption and the amount per MCF to the nearest 0.1¢ by which the average annual gas purchase cost per MCF to Company is more than the average annual gas purchase cost per MCF computed on the same basis and gas rates in effect on December 27, 1973, from the pipe line supplier and cost for propane peak shaving purposes based on nine cents (9¢) per gallon.

The average annual gas purchase cost per MCF shall be computed with the Billing Demand Units and annual volumes of natural gas purchased for General Gas service requirements from

Northern Natural Gas Company - Rate Zone B

adjusted to reflect normal temperatures for the first twelve months of the thirteen calendar months immediately preceding the effective date of such increase or decrease.

VI. TAX ADJUSTMENT:

To the rates herein set forth, the Company may add all or any part of any new or additional tax applicable to the service furnished hereunder, which might be imposed on the Company.

SECTION 2. - All Ordinances or parts of Ordinances or Resolutions in conflict with this Ordinance are hereby repealed.

SECTION 3. - This Ordinance shall be in full force and effect from and after passage and publication as provided by law.

Passed, adopted and approved this 30th day of April, 1974.
